Rc.55529/50-Q. dated 15-5-50.

Sir,

Sub:- Establishment --Cooperative societies--Bifurcation--Bifurcation of South Kanara District--Proposals--Submitted.

In G.O.Ms.No.803 Food and Agriculture dated 28.4.50, the South Kanara district has been selected as one of the districts for working the scheme of Food Production through village Cooperatives. The District has an area of 4021 square miles with a population of 15.17 lakhs. It has 6 taluks with 795 villages. It is fairly well served by the Cooperative movement. 76.1% of the villages and 13.4% of the population of the district are covered by agricultural credit societies. Further development of the movement lies in bringing a larger percentage of population within the Cooperative fold. The Cooperative work in the district has increased considerably during the past about eight years.

2. I enclose 2 statements. One showing the volume of work in cooperative societies in South Kanara District as on 30-6-49 compared with that on 30-6-42, and the other showing the increase in the number of different types of societies functioning in the district on the two dates and on 31-3-50. It may be observed that there has been an increase in the number of societies in the district. As against 435 societies on 30-6-42, there were 627 societies on 31.3.50. The working capital increased from Rs.38.35 lakhs to 138.72 lakhs. Correspondence work has more than doubled itself.

The rapid expansion of the movement and the increase in the number and volume of business of the special types of societies and the need to bring in a larger percentage of population into the cooperative fold require closer attention and intensive touring on the part of officers. This will not be possible with one Deputy Registrar in the district. Bifurcation of the district into 2 Deputy Registrar's circles is therefore necessary. The Deputy Registrar has suggested the following arrangements.

The District will be divided into 2 circles as under

	Ist circle	II circle.
Headquarters	Mangalore	Kasargode.
Taluks	Coondapoor Udipi Karkal and Mangalore excluding Buntwal and Panamangalore firkas	Puthur Kasargode and Panamangalore and Buntwal firkas of Mangalore taluk.
No. of villages	437	358
Population	8.65 lakhs	6.52 lakhs.
No.of societies	357	270
Working capital of the societies	Rs.108.85 lakhs	Rs.29.87 lakhs.

According to this distribution, there will be 357 societies in the first circle and 270 in the second circle. The distribution of societies is fairly equitable with reference to the compactness of area. There are 16 societies having the whole district as their jurisdiction. Their headquarters is Mangalore. It has been suggested that Mangalore might be the headquarters of the 1st circle and that Kasargode the headquarters of the 2nd circle. Suitable buildings are said to be available at Kasargode to locate the office. I agree with these proposals and request Government to approve the arrangements.

3. A statement showing the staff as existing in the offices of the Deputy Registrar and the Special Development Officer, their distribution between the 2 Deputy Registrar's circles, the additional staff required and the staff that will be surrendered is enclosed (Statement III). The division of staff will be as under.

The post of the Special Development Officer will be converted into that of a Deputy Registrar and allotted to the Kasargode circle. The post of the Assistant Development Officer working as Personal Assistant to the Special Development Officer will be absorbed as the Cooperative Sub Registrar (General) of Kasargode circle. The post of the Steno-typist of the Special Development Officer will be converted into that of a typist for the Kasargode circle. The 2 peons working under the Special Development Officer will be absorbed for work in the Deputy Registrar's office Kasargode.

4. The following additional posts are necessary:-

INDOOR STAFF:-

1 Senior Inspector to be the head clerk for the new office.

6 Routine clerks. There are 2 Routine clerks working in the Deputy Registrar's office. The scale of staff sanctioned in G.O.1294 Development dated 30-7-1939 provides for 4 routine clerks for each Deputy Registrar's office. On this basis an additional staff of 6 routine clerks is necessary to allot 4 posts for each circle office.

2 Peons. The 2 peons working under the Special Development Officer will be absorbed in the new circle. Two additional peons are required.

OUTDOOR STAFF.

Senior Inspector1:- There is one Senior Inspector to supervise the non-credit societies. This Senior Inspector will work in the Mangalore circle. For the Kasargode circle a similar post is necessary to develop non-credit activities and to devote adequate attention to other special types of societies.

Supervision of stores societies:- There will be 32 stores societies in Mangalore circle and 34 stores societies in Kasargode circle. There is now 1 Cooperative Sub Registrar for supervision of stores societies. He will be retained in Mangalore circle. For Kasargode circle another Cooperative Sub Registrar is necessary. I propose to utilise the Assistant Development Officer (Execution) for the work.

Supervision of weavers societies:- There are 16 weavers societies, 6 in the Mangalore circle and 10 in the Kasargode circle. There is only one Cooperative Sub Registrar(Weavers) for the supervision of weavers societies. He will be transferred to Kasargode circle where there will be 10 weavers societies. The 6 weavers societies in the Mangalore will be supervised by 1 Senior Inspector sanctioned for it. I am not therefore asking for a Cooperative Sub Registrar for supervision of weavers societies. The remaining staff will be distributed as in statement III appended.

The additional staff required are

Indoor	Senior Inspector	1 (Head clerk)
	Routine clerks	6
	Peons	2
Outdoor:-	Senior Inspector	1 (Non-credit Senior Inspector

The extra expenditure on account of the bifurcation of the district

and formation of new office will be Rs.7800/-.

The following 3 statements will show the extra cost to Government on account of the proposal:

1.Statement showing the net additional cost involved on account of the bifurcation (Statement IV).

2.Statement of total cost involved on account of the sanction of new Deputy Registrar's circle (Statement V).

3.Statement showing savings on account of the abolition of the post of the Special Development Officer and his office and reduction in Deputy Registrar's office Mangalore (Statement vi).

5.I request Government to pass early orders on the proposal as the new scheme for growing more food through village cooperatives has to be given effect to immediately.

In paragraph 4 of his letter cited, the R.C.S has stated that there are two Routine Clerks working in the Dy. Registrar's office, that the scale of staff sanctioned in G.O. No. 1294 Dev dt 30.7.1979 provides for 4 Routine Clerks for each Dy. Registrar's office and that on this basis an addl staff of 6 Routine clerks with R. desk is necessary to provide for 4 posts for each circle. When the present Mangalore circle itself has only 2 Routine clerks, the need for an increased number of clerks for each of the bifurcated circles

is not clear. The Regr. should make out a case for the actual staff now required and not rely on the orders in P.O. No. 1294 Dev. of 30.7.39 which fixed the scale as a general basis. He is requested to justify the employment of 6 addl. Ronhie clerks.

A very early reply is requested.

In my proposal I did not provide for all the 5 Junior Inspectors for the new circle, on the anology of the staff working in the existing Mangalore circle, but proposed less staff of 3 Junior Inspectors for each circle by distributing the 5 Junior Inspector clerks in the Deputy Registrar's office and one Junior Inspector in the Special Development Officer's office, equally between the two circles., and applied for two routine clerks instead. As a result each bifurcated circle will have only 3 Junior Inspector clerks as against the five Junior Inspectors in the existing Mangalore office and the cost to Government will also be less if more routine clerks are employed instead of Junior Inspectors. Moreover the scale of office establishment which

Summarising Note.

In G.O.Ms.No.803 Food & Agri. dated 28-4-1950, the Government sanctioned a scheme of village co-operatives for the association of cultivating ryots with the Government's food production efforts and for the more efficient fulfilment of the present plan for achieving self-sufficiency in food-grains by the end of 1951. When sanctioning the scheme, the Government directed that it be first introduced in the districts of East Godavari, Nellore, Guntur, Tirunelveli, Madhurai, Coimbatore and South Kanara, and that for the purpose of this scheme the above districts be bifurcated into 2 Deputy Registrars' circles each at an estimated cost of Rs.22,000/- p.a. Accordingly the R.C.S. submitted proposals for bifurcating the South Kanara District into 2 Deputy Registrars' circles, one with headquarters at Mangalore and the other with headquarters at Kasargode. The Registrar proposed the conversion of the post of Special Development Officer into that of a Deputy Registrar for the new circle. The two Asst. Dev. Officers employed under the S.D.O. were proposed to be absorbed as C.S.R's in the new circle. The post of steno-typist of the S.D.O. would be converted into that of a typist for the new circle. The two peons working under the S.D.O. were proposed to be absorbed for work in the 2nd Deputy Registrar's office. The Registrar proposed the employment of the following additional staff after absorbing the staff employed under the S.D.O.:—

2 Senior Inspectors
6 Routine Clerks and
2 peons.

The above proposals were examined in this Department in consultation with the Finance Department. The net additional expenditure on account of them was estimated at Rs.7,800/- per annum recurring. This Department supported the proposals, and the Finance Department also agreed to them. Ordinarily the case should have been circulated to H.M.(Fin.) and H.C.M. before issue of orders. However,

2 24/

However, as the Cabinet Committee for Food Production, of which they are members, had sanctioned the bifurcation of South Kanara District, it was not considered necessary to circulate the case again to H.M. (Fin.) and H.C.M. Orders were therefore taken in circulation to H.M. (L.A), and orders were then issued sanctioning the proposals for the bifurcation of the South Kanara District and the employment of the additional staff mentioned above.

From the Board of Revenue (Food Production), No. 9927/49, dated 24-11-1949.
From the Registrar of Co-operative Societies, Letter No.156865/49 C.1 dated 27/2/1950.

ORDER:

In its letter cited, the Board of Revenue (Food Production) has submitted a scheme of village co-operatives for the association of cultivating ryots with the Government's food production efforts and for the more efficient fulfilment of the present plan for achieving self-sufficiency in food grains by end of 1951. The Village Co-operatives will undertake the following functions:-

i. Distribution of improved seeds, fertilisers and iron and steel;

ii. Grow More Food propaganda, particularly for the manufacture and use of rural compost from farm yard rubbish, conservation and utilisation of night soil and human urine as manure, and production and application of green manure;

iii. Surveying and listing out fallow lands and bringing them under cultivation with Government's assistance, if necessary;

iv. Organisation of co-operative farming as distinct from collective farming;

v. Consolidation of holdings (whcih has not so far been a success in this State); and

vi. Assessing the additional production as a result of the Intensive Cultivation Schemes and linking up the additional production with procurement.

2. The scheme envisages the formation of one co-operative Society for a group of 5 villages (which will make about 4 co-op operatives in each firka and about 20 in each taluk), a federation of village co-operatives for each taluk, and a federation of societies at talluk level for each district. A special officer of the status of a Deputy Registrar of Co-operative Societies assisted by a suitable number of Inspector s of Co-operative Societies will be appointed in each district for directing and supervising the work.

3. The Registrr of Co-operative Societies has generally welcomed the scheme, but he has suggested the following modifications with a view to attune it to the existing Co-operative set up in the districts:

i. Instead of one co-operative for a group of 5 villages the existing co-operative principale of "One village - One Society". might be kept up.

p.t.o.

ii. Agricultural Improvement Societies at Firka level, Marketing Societies at taluk level, and Central Banks at districts level are functioning in several centres. They can be made use of at the firka taluk and District levels for assisting the Grow More Food Campaign.

iii. Instead of appointing a Special Deputy Registrar and staff for each district, each district may be bifurcated into two Deputy Registrar's circle; and

iv. Co-operative Colonisation Societies, which are really co-operative farming societies contemplated in the Scheme, may be organised wherever there are opportunities in accordance with the orders of Government in G.O.681 Revenue dated 20-3-1941 and G.O.399 Revenue dated 28-2-44.

4. The Board of Revenue (Food Production) has recommended the Scheme as modified by the Registrar of Co-operative Societies His Excellency the Governor of Madras approves the modified scheme and directs -

(i) that the scheme be first introduced in the districts of East Godavari, Nellore, Guntur, Tirunelveli, Madurai, Coimbatore, and South Kanara;

(ii) that for the purpose of this scheme the above districts be bifurcated into two Deputy Registrar's circles at an estimated cost of Rs.22,000/- per annum, as detailed in the annexure. (taking into account the Ameliorative staff in the districts concerned to be dispensed with on bifurcation,)

(iii) that the scheme be given effect to immediately in Coimbatore district which has already been bifurcated (vide G.O. No.1896 Development dated 6-4-1949).

~~(iv)~~

6. Orders bifurcating the districts of East Godavari, Guntur and Madurai will issue separately from the Development Department, as such bifurcation is already under their consideration in other connections. The Registrar of Co-operative Societies is requested to submit immediately to Government in the Development Department proposals for the bifurcation of the other districts, viz. Nellore, South Kanara and Tirunelveli.

7. The Scheme shall be introduced in all the seven districts with the least possible delay.

8. The proposal will be classified under Grow More Food (Service) Scheme and the Government of India addressed, for a half grant in the prescribed proforma. The Registrar of Co-operative Societies is requested to see that this scheme is included in the Comprehensive Staff Scheme for 1950-51 to be prepared by the Board of Revenue (Food Production) for the purpose of claiming a grant from the Government of India.

9. The Registrar of Co-operative Societies shall submit to Government through the Board of Revenue (Food Production) a report on the working of the Scheme for every quarter by the 15th of the month following. The first report shall be submitted on 15/7/50. He is requested to issue detailed supplementary instructions for the working of the Village Co-operatives and should ask the Deputy Registrars to draw up a programme of work for each Co-operative Society, with due regard to the local needs and conditions.

Development Department.

Sub: Establishment - Co-operative Department - South Kanara District - Bifurcation into 2 Deputy Registrars' Circles.

Ref: From the R.C.S., Rc.No.55529/50 dt: 15-5-50.

In G.O.Ms.No.803 Food and Agriculture dated 28-4-50, the Government sanctioned a scheme of village co-operatives for the association of cultivating ryots with the Government's food production efforts and for the more efficient fulfilment of the present plan for achieving self sufficiency in food grains by the end of 1951. When sanctioning the scheme, the Government directed that the scheme be first introduced in the districts of East Godavari, Nellore, Guntur, Tirunelveli, Madhurai, Coimbatore and South Kanara and that for the purpose of this scheme the above districts be bifurcated into two Deputy Registrars' Circles at an estimated cost of Rs.22,000/- p.a. Under the scheme, some of the ameliorative staff employed in the districts concerned will be dispensed with on bifurcation. Orders bifurcating the Coimbatore and East Godavari Districts have already been issued. Bifurcation of Guntur and Madhurai districts is separately under consideration, and orders in those cases also are expected to issue shortly. In pursuance of the orders in G.O.Ms.No.803 Food and Agri. dated 28-4-50, the R.C.S. has now submitted proposals for the bifurcation of South Kanara District into two Deputy Registrars' Circles. The Registrar has explained the need for bifurcation in his letter at pp.1-3c.f. Since the Government have already ordered the bifurcation of South Kanara District in connection with the efforts for stepping up food production, the Registrar's proposal for bifurcation may be accepted.

2. The Registrar has suggested the bifurcation of the district into 2 Deputy Registrars' circles, one with headquarters at Mangalore and the other with headquarters at Kasargode. Suitable buildings are said to be available

available at Kasargode to locate the office. The Registrar therefore recommends that Kasargode may be made the headquarters of the new circle. This may be agreed to.

3. The Registrar has proposed the following redistribution of staff. The post of the Special Development Officer will be converted into that of a Deputy Registrar and allotted to the Kasargode circle. The two Assistant Development Officers employed under the S.D.O. will be absorbed in the Kasargode circle as Co-operative Sub Registrar (General) and C.S.R. (Stores). The post of stenotypist of the S.D.O. will be converted into that of a typist for the Kasargode circle. The two peons working under the S.D.O. will be absorbed for work in the Deputy Registrar's office, Kasargode.

4. The Registrar has proposed the employment of the following additional staff:-

Senior Inspectors ..	2
Routine Clerks ..	6
Peons	2

The additional staff (i.e. after absorbing the staff employed under the S.D.O) sanctioned in G.O.Ms.No.803 Food & Agri. dated 28-4-50 is as follows:

Co-operative Sub Registrar ..	1
Senior Inspector ..	1
Junior Inspectors ..	2
L.D.Clerks. ..	3
Peons. ..	3

It will be observed that the Registrar has asked for two additional Senior Inspectors while only one additional Senior Inspector can be employed under the orders in the G.O. referred to above. One Senior Inspector is required to be the Head Clerk of the new office. The Registrar states that there is at present one Senior Inspector to supervise the non-Credit Societies and this Senior Inspector will work in the Mangalore Circle. The Registrar adds that a similar post is necessary for the Kasargode circle to develop non-credit activities and to devote adequate attention to other special types of societies. In the circumstances explained by the Registrar it is for orders whether the Registrar's request for the sanction of two additional Senior Inspectors will

—do—

will be supported in this Department.

It will also be observed that the Registrar has proposed the employment of 6 additional Routine Clerks while only 3 additional Routine Clerks can be employed under the orders in G.O.Ms.803 Food and Agri. dated 28-4-50 The scale of staff sanctioned in G.O.No.1294 Development dated 30-7-39 provides for 4 Routine Clerks for each Deputy Registrar's office. The Registrar quotes this G.O. in favour of his proposal and states that as there are two routine clerks working in the Deputy Registrar's Office, an additional staff of 6 routine clerks is necessary to allot 4 posts for each circle. In the present Dy. Registrar's office the Registrar has not explained the need for 6 additional L.D.Clerks. Even though G.O.1294 Dev. dated 30-7-39 provides for 4 R.Clerks, it is submitted for orders whether in view of the imperative need for economy, this Department may suggest that only 2 Routine Clerks as in the present Deputy Registrar's office may be sanctioned or whether the Registrar may be asked to justify the need. If the first-alternative is accepted, the file may be sent to Food & Agriculture (F.P) and Finance Departments for remarks.

and the reply from the R.C.S. at pp. 19-20 c/h.

The Registrar has explained that work in the present Mangalore circle is carried out by 5 Junior Inspr. clerks in addition to the 2 routine clerks and that he proposes to distribute equally between the 2 circles these 5 Junior Inspector clerks and the Junior Inspector working in the S.D.O.'s office. As a result, if the 6 addl. routine clerks asked for by him are sanctioned, there will be 3 Junior Inspr. clerks and 4 routine clerks in each of the bifurcated circles as against the 5 Junior Inspr. clerks and 2 routine clerks now employed in the Mangalore circle. According the orders in G.O. Ms. 803 F&A dt 28-4-50, he could have asked for 2 Junior Insprs. and 3 L.D. clerks. But he has asked for 6 routine clerks (and no Junior Inspr.) and he has also pointed out that the cost will also be less if more routine clerks are employed instead of Junior Inspectors. In the circumstances it is for orders whether the Registrar's request for sanction of 6 addl. routine clerks may be supported in this Dept.

In pursuance of the orders issued in G.O.No.803,F.& A. dated 28-4-1950, the R.C.S. has submitted proposals for the bifurcation of the South Kanara district into Deputy Registrar circle, one with Headquarters at Mangalore and the other at Kasargode. (The net addl.expenditure on account of the proposal is stated to be Rs 7,800/- per annum recurring).

2. The existing staff in the Deputy Registrar's office at Mangalore and the proposed distribution of staff to the Deputy Registrar's offices after bifurcation, and the net addl.staff required are indicated in the statement at p.9 C.F. It is proposed to convert the Spl.Dev.Officer's post into that of Deputy Registrar and the 2 A.S.D.Os employed under him will be absorbed as Co-operative Sub-Registrars in the Kasargode Circle and the Steno-typist's post under the S.D.O. will be converted into a typist to work under the new Deputy Registrar and the two peons working under him will be absorbed as peons in the new office.

After distributing the ameliorative staff as stated above, the Dy.Registrar has asked for an addl.staff of 1 Senior Inspector, 6 routine clerks and 2 peons. The addl. staff as sanctioned in G.O.No.803,F.& A.,dated28-4-50 is as follows:--

1 Co-operative Sub-Registrar.
1 Senior Inspector.
2 Junior Inspectors.
3 Lower Division clerks.
3 Peons.

Although only one post of Senior Inspector and 3 L.D.Cs can be sanctioned, according to the scale of staff sanctioned in G.O.No. 803,F.& A.,dated 28-4-1950, the R.C.S., for the reasons stated at pp.19-20 C.F., proposes the sanction of the entire staff asked for. Development agree to the R.C.S's proposal.

As the proposal is intended for stepping up food production and especially as it has already been decided by the Government to bifurcate the South Kanara district and half the expenditure on staff will be received as subsidy from the Govt. of India, Finance may agree to the proposal.

6.

3/ Financial procedure - As the extra cost exceeds Rs 5,000/- per annum, ordinarily the case should be circulated to H.M.(Fin.) and H.C.M. before issue of orders. However, as the Cabinet Committee for Food Production, of which they are Members, have sanctioned the bifurcation of the South Kanara district, it does not seem necessary to circulate the case again to H.M.(Fin.) and H.C.M.

The R.C.S. has submitted proposals for the bifurcation of the South Kanara Dr. into 2 Dy. Registrars' Circles for purposes of administration of the Coop. Dept., one with headquarters at Mangalore and the other with headquarters at Kasaragode. On bifurcation, the post of Spl. Devt. Officer will be converted into that of a Dy. Regr. for the new Circle, and the Dy. Regrs. will attend to both cooperative and ameliorative work in their respective jurisdictions. After redistributing the staff now employed in the offices of the Dy. Regr. and the S.D.O. among the two Circles, the Regr. has proposed the employment of an additional staff of 2 Senior Inspectors, 6 P.D. clerks and 2 Peons. In connection with the scheme for the formation of village cooperatives in selected districts, the Govt. have already ordered the bifurcation of the South Kanara Dr. into 2 Dy. Registrars' Circles. Finance Dept. have agreed to the employment of the staff proposed by the Registrar. In the circumstances it is for orders whether the Registrar's proposals for the bifurcation of the South Kanara Dr.
